

CORPORATE PROFILE

KEA FINANCE
YOUR CONSULTING PARTNER

CONSULTING MADE EASIER WITH TECHNOLOGY

Your new age accountants with a mix of both technology and human touch

ABOUT US

“WE ACCEPT CHALLENGES”

Kea Finance is a new-age financial consulting company that implements solutions with the help of technology but does not abide by the industry rules and regulations. We take up challenges to provide unique and customized financial solutions to our clients. At Kea Finance, we provide real-time status of projects to our clients, deliver consistent services, and facilitate business registrations in India.

OUR OBJECTIVES AND VALUES

The objective of KEA is to achieve excellence in accounting & financial outsourcing services to provide superior business performance. Our values form the core of our organization's functioning. They determine the culture of our company, speak about our persona, and define the way we react in situations of crisis.
